DONGFENG HV5 460

4×2 TRACTOR TRUCK

TECHNICAL DATA SHEET • FIELD-VISUAL REFERENCE

460 HP • INLINE 6-CYLINDER • TURBOCHARGED

Long-haul logistics / fleet operations

CALM WAVES | Riyadh, Kingdom of Saudi Arabia

Prepared from supplied technical data and field photographs

TECHNICAL PROFILE

A concise specification profile for commercial review, fleet evaluation and equipment trading.

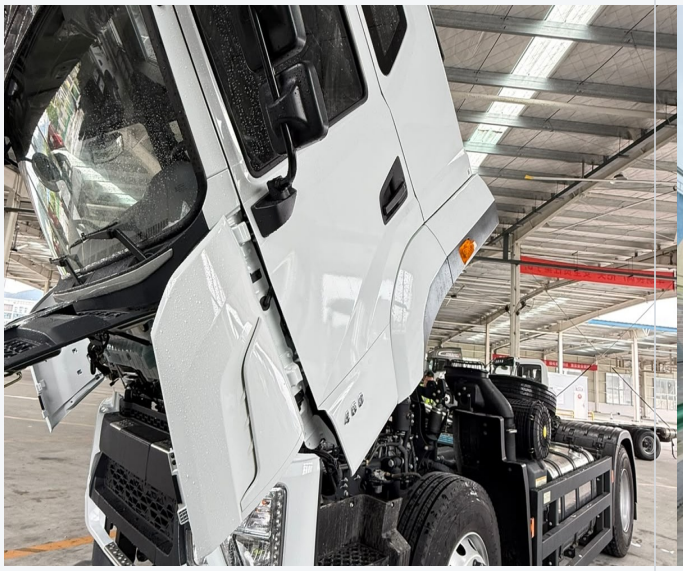

POWER	DRIVELINE	ENGINE	CAB
460 HP	4×2	INLINE 6	HIGH ROOF
Engine output	Single rear drive axle	Heavy-duty diesel	Double sleeper + climate control

COMPONENT / IDENTIFIER	TECHNICAL SPECIFICATION & PERFORMANCE PARAMETER
Manufacturer	Dongfeng Motor Corporation (Wuhan, China)
Company Registration Code	B43
Model Number	DFF
Vehicle Type	S — Long-Haul Tractor Head
Verified Serial Number	255185
Drive Mode	4×2 — single rear drive axle for optimized weight and efficiency
Engine Output	460 Horsepower (460 HP)
Engine Design	In-line 6-Cylinder, Heavy-Duty Direct Injection Diesel
Induction System	Turbocharged with High-Capacity Intercooler
Fuel System	High-Pressure Common Rail Direct Injection System
Emission Control	Euro compliant via integrated AdBlue / Urea Injection System
Fuel & Air Tanks	Lightweight, Corrosion-Resistant Premium Aluminum Tanks
Braking System	Dual-Circuit Air Brakes with High-Pressure Safety Chambers
Cabin Configuration	High Roof Luxury Cab with Double Sleeper Beds & Climate Control

Inspection note: The supplied source describes the vehicle as strictly inspected and field-verified for long-haul logistics and fleet operations. Specifications are reproduced from the supplied technical data sheet.

FIELD PHOTO GALLERY

Supplied field photographs presented as visual reference for the vehicle’s exterior condition and configuration.

01 FRONT / CAB PROFILE
Cab design, front bodywork and wheel configuration.

02 FRONT VIEW
Grille, lighting assemblies, bumper and windshield layout.

03 THREE-QUARTER FRONT & CHASSIS
High-roof cab, chassis rails, rear-drive configuration and spare wheel.

Visual reference only. No engine-block photograph was supplied with this package, so no engine-detail image has been fabricated or substituted.

COMMERCIAL & CORPORATE SALES

Prepared for formal commercial quotations, fleet acquisition structures and physical inspection discussions.
